EDUCATION

SHRIRAM VIDHYALAYA MATRIC HR,SEC , Tenkasi —HSLC

MONTH 2018 - 2020

KARPAGAM INSTITUTE OF TECHNOLOGY , COIMBATORE — B.E- ECE

MONTH 2020 - 2024

Full-Stack Python Developer Course — Vetri Institute of Technology

PROJECTS

E-commerce Website (React-based)

Developed a fully responsive e-commerce website using React.js. The application offers a user-friendly interface to browse and purchase products.

Live Demo: <https://mari25802.github.io/main/>

Flipkart Clone (Django-based)

Developed a basic e-commerce platform with features like product listings, user authentication, shopping cart, and order management.

Enabled users to browse, add products to the cart, and place orders, while admins managed products, orders, and user accounts.

Student management(CRUD) — Built Using Python and SQL

Developed a Python and SQL-based application to manage student data, implementing full CRUD operations.

SKILLS

Python programming
SQL
Javascrpts
Git and GitHub
Web Development
React.js
Django
HTML5
CSS
Frontend Development
Backend Development

Additional

I regularly engaged coding on platforms like HackerRank and LeetCode.

LANGUAGES

English
Tamil
